

ABOUT ME

Senior Product Designer with 15+ years designing complex digital products across Fintech, SaaS, AI and Gaming. I work across product strategy, UX and visual design — from early exploration and product definition through to high-fidelity interfaces, design systems and developer handoff, bringing AI in to accelerate exploration while keeping product thinking at the centre.

- EXPERIENCE
- Senior Product Designer for Koncepted

April 2019 — Aug 2026 · 7 yrs · Remote

 - Designed and launched an AI agent tool for creators and an AI NPC builder for game studios.
 - Led design on a SaaS product (NDA) that increased user acquisition and retention by 30%, through improvements across onboarding and core product flows.
 - Launched credit market and order-book trading features for a leading crypto wallet, extending the platform into new financial products.
 - Partnered with 50+ companies to launch new products and websites, owning design from early definition through implementation.
- Mid Product Designer for 46graus

Oct 2016 — Apr 2019 · 2 yrs 7 mos · Porto Alegre, Brazil

 - Sole Product Designer at 46graus, growing the platform's userbase from 100K to 200K+ by launching new products and features as it evolved from a website builder into a multi-product platform for creators and small businesses.
 - Worked closely with development in an agile environment — from early definition and prototyping through implementation and iteration — and established and maintained the platform's design system as it scaled.
- Junior UI/UX Designer for Reweb

Aug 2014 — Oct 2016 · 2 yrs 3 mos · Porto Alegre, Brazil

 - Designed conversion-focused landing pages and digital experiences primarily for the automotive industry.
 - Helped automate landing page designs by identifying best design patterns and building its own design-code library to ship faster, cutting turnaround time from weeks to days.
