

ABOUT ME

Senior Product Designer with 15+ years across Fintech, SaaS, AI, Web3 and Gaming, most of it with startups and early-stage products. My strengths are visual craft, design systems, solving complex product problems, and balancing business metrics with user-centered design. I bring AI into the process by designing with both Figma and Claude Code, shipping working prototypes ready for handoff.

- EXPERIENCE
- KONCEPTED

Senior Product Designer

Sep 2019 — Aug 2026 · 7 yrs · Remote

- Designed and launched an AI agent tool for photographers and an AI NPC builder for game studios.
 - Led design on a SaaS product (NDA) that increased user acquisition and retention by 30%, through improvements across onboarding and core product flows.
 - Launched credit market and order-book trading for a leading crypto wallet.
 - Partnered with 50+ companies to launch new products and websites.

KONCEPTED

Senior Product Designer

Sep 2018 — Sep 2019 · 1 yr · Freelance · Porto Alegre, Brazil

- Freelance design partner before joining full-time — product and web work for startups.
